Table of contents 2

Methodology 8

The questionnaire 9

How to use the data 10

How to read the data 10

Summary of main findings 12

Chapter One: Percentage of students who have received instruction on how to use their college's library 13

Chapter Two: Students' ranking regarding the usefulness of library's instruction 17

Chapter Three: Students' ranking of their own skill level in using the various online databases offered by their college library 23

Chapter Four: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills 29

Chapter Five: Students' evaluation of their need for training in using the college library 35

Chapter Six: Students' understanding of the concept of Boolean searching 44

Chapter Seven: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library 49

LIST OF TABLES

Table 1.1: Percentage of students who have received instruction on how to use their college's library 13

Table 1.2: Percentage of students who have received instruction on how to use their college's library, Broken Out by Age of the Student 13

Table 1.3: Percentage of students who have received instruction on how to use their college's library, Broken Out by Population Intensity of the Place of Origin 13

Table 1.4: Percentage of students who have received instruction on how to use their college's library, Broken Out by Geographic Region of Origin of the Student 13

Table 1.5: Percentage of students who have received instruction on how to use their college's library, Broken Out by Freshmen, Sophomores, Juniors & Seniors 13

Table 1.6: Percentage of students who have received instruction on how to use their college's library, Broken Out by Income Level of the Student's Family of Origin 14

Table 1.7: Percentage of students who have received instruction on how to use their college's library, Broken Out by Level of Religiosity of the Student 14

Table 1.8: Percentage of students who have received instruction on how to use their college's library, Broken Out by the Political Views of the Student 14

Table 1.9: Percentage of students who have received instruction on how to use their college's library, Broken Out by Grade Point Average or Equivalent 15

Table 1.10: Percentage of students who have received instruction on how to use their college's library, Broken Out by Academic Major or Focus 15

Table 1.11: Percentage of students who have received instruction on how to use their college's library, Broken Out by Gender of the Student 15

Table 1.12: Percentage of students who have received instruction on how to use their college's library, Broken Out by Public and Private College Students 15

Table 1.13: Percentage of students who have received instruction on how to use their college's library, Broken Out by Type of College Living Arrangement 15

Table 1.14: Percentage of students who have received instruction on how to use their college's library, Broken Out by Student Employment 16

Table 1.15: Percentage of students who have received instruction on how to use their college's library, Broken Out by Type of College 16

Table 1.16: Percentage of students who have received instruction on how to use their college's library, Broken Out by Size of Enrollment of College 16

Table 1.17: Percentage of students who have received instruction on how to use their college's library, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended 16

Table 2.1: Students' ranking regarding the usefulness of library's instruction 17

Table 2.2: Students' ranking regarding the usefulness of library's instruction, Broken Out by Age of the Student 17

Table 2.3: Students' ranking regarding the usefulness of library's instruction, Broken Out by Population Intensity of the Place of Origin 17

Table 2.4: Students' ranking regarding the usefulness of library's instruction, Broken Out by Geographic Region of Origin of the Student 18

Table 2.5: Students' ranking regarding the usefulness of library's instruction, Broken Out by Freshmen, Sophomores, Juniors & Seniors 18

Table 2.6: Students' ranking regarding the usefulness of library's instruction, Broken Out by Income Level of the Student's Family of Origin 18

Table 2.7: Students' ranking regarding the usefulness of library's instruction, Broken Out by Level of Religiosity of the Student 19

Table 2.8: Students' ranking regarding the usefulness of library's instruction, Broken Out by the Political Views of the Student 19

Table 2.9: Students' ranking regarding the usefulness of library's instruction, Broken Out by Grade Point Average or Equivalent 20

Table 2.10: Students' ranking regarding the usefulness of library's instruction, Broken Out by Academic Major or Focus 20

Table 2.11: Students' ranking regarding the usefulness of library's instruction, Broken Out by Gender of the Student 20

Table 2.12: Students' ranking regarding the usefulness of library's instruction, Broken Out by Public and Private College Students 21

Table 2.13: Students' ranking regarding the usefulness of library's instruction, Broken Out by Type of College Living Arrangement 21

Table 2.14: Students' ranking regarding the usefulness of library's instruction, Broken Out by Student Employment 21

Table 2.15: Students' ranking regarding the usefulness of library's instruction, Broken Out by Type of College 22

Table 2.16: Students' ranking regarding the usefulness of library's instruction, Broken Out by Size of Enrollment of College 22

Table 2.17: Students' ranking regarding the usefulness of library's instruction, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended 22

Table 3.1: Students' ranking of their own skill level in using the various online databases offered by their college library 23

Table 3.2: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Age of the Student 23

Table 3.3: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Population Intensity of the Place of Origin 23

Table 3.4: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Geographic Region of Origin of the Student 24

Table 3.5: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Freshmen, Sophomores, Juniors & Seniors 24

Table 3.6: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Income Level of the Student's Family of Origin 24

Table 3.7: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Level of Religiosity of the Student 25

Table 3.8: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by the Political Views of the Student 25

Table 3.9: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Grade Point Average or Equivalent 26

Table 3.10: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Academic Major or Focus 26

Table 3.11: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Gender of the Student 26

Table 3.12: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Public and Private College Students 27

Table 3.13: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Type of College Living Arrangement 27

Table 3.14: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Student Employment 27

Table 3.15: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Type of College 28

Table 3.16: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Size of Enrollment of College 28

Table 3.17: Students' ranking of their own skill level in using the various online databases offered by their college library, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended 28

Table 4.1: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills 29

Table 4.2: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Age of the Student 29

Table 4.3: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Population Intensity of the Place of Origin 29

Table 4.4: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Geographic Region of Origin of the Student 30

Table 4.5: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Freshmen, Sophomores, Juniors & Seniors 30

Table 4.6: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book

collections, citation software, and other library-related research skills, Broken Out by Income Level of the Student's Family of Origin 30

Table 4.7: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Level of Religiosity of the Student 31

Table 4.8: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by the Political Views of the Student 31

Table 4.9: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Grade Point Average or Equivalent 31

Table 4.10: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Academic Major or Focus 32

Table 4.11: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Gender of the Student 32

Table 4.12: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Public and Private College Students 32

Table 4.13: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Type of College Living Arrangement 33

Table 4.14: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Student Employment 33

Table 4.15: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Type of College 33

Table 4.16: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Size of Enrollment of College 34

Table 4.17: Students' opinion on whether their college should have a required course in information literacy that focuses on skills like conducting database & Internet searches, using e-book collections, citation software, and other library-related research skills, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended 34

Table 5.1: Students' evaluation of their need for training in using the college library 35

Table 5.2: Students' evaluation of their need for training in using the college library, Broken Out by Age of the Student 35

Table 5.3: Students' evaluation of their need for training in using the college library, Broken Out by Population Intensity of the Place of Origin 36

Table 5.4: Students' evaluation of their need for training in using the college library, Broken Out by Geographic Region of Origin of the Student 36

Table 5.5:	Students' evaluation of their need for training in using the college library, Broken Out by Freshmen, Sophomores, Juniors & Seniors	37
Table 5.6:	Students' evaluation of their need for training in using the college library, Broken Out by Income Level of the Student's Family of Origin	37
Table 5.7:	Students' evaluation of their need for training in using the college library, Broken Out by Level of Religiosity of the Student	38
Table 5.8:	Students' evaluation of their need for training in using the college library, Broken Out by the Political Views of the Student	39
Table 5.9:	Students' evaluation of their need for training in using the college library, Broken Out by Grade Point Average or Equivalent	39
Table 5.10:	Students' evaluation of their need for training in using the college library, Broken Out by Academic Major or Focus	40
Table 5.11:	Students' evaluation of their need for training in using the college library, Broken Out by Gender of the Student	40
Table 5.12:	Students' evaluation of their need for training in using the college library, Broken Out by Public and Private College Students	41
Table 5.13:	Students' evaluation of their need for training in using the college library, Broken Out by Type of College Living Arrangement	41
Table 5.14:	Students' evaluation of their need for training in using the college library, Broken Out by Student Employment	42
Table 5.15:	Students' evaluation of their need for training in using the college library, Broken Out by Type of College	42
Table 5.16:	Students' evaluation of their need for training in using the college library, Broken Out by Size of Enrollment of College	43
Table 5.17:	Students' evaluation of their need for training in using the college library, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended	43
Table 6.1:	Students' understanding of the concept of Boolean searching	44
Table 6.2:	Students' understanding of the concept of Boolean searching, Broken Out by Age of the Student	44
Table 6.3:	Students' understanding of the concept of Boolean searching, Broken Out by Population Intensity of the Place of Origin	44
Table 6.4:	Students' understanding of the concept of Boolean searching, Broken Out by Geographic Region of Origin of the Student	44
Table 6.5:	Students' understanding of the concept of Boolean searching, Broken Out by Freshmen, Sophomores, Juniors & Seniors	45
Table 6.6:	Students' understanding of the concept of Boolean searching, Broken Out by Income Level of the Student's Family of Origin	45
Table 6.7:	Students' understanding of the concept of Boolean searching, Broken Out by Level of Religiosity of the Student	45
Table 6.8:	Students' understanding of the concept of Boolean searching, Broken Out by the Political Views of the Student	46
Table 6.9:	Students' understanding of the concept of Boolean searching, Broken Out by Grade Point Average or Equivalent	46
Table 6.10:	Students' understanding of the concept of Boolean searching, Broken Out by Academic Major or Focus	46
Table 6.11:	Students' understanding of the concept of Boolean searching, Broken Out by Gender of the Student	46

Table 6.12: Students' understanding of the concept of Boolean searching, Broken Out by Public and Private College Students 47

Table 6.13: Students' understanding of the concept of Boolean searching, Broken Out by Type of College Living Arrangement 47

Table 6.14: Students' understanding of the concept of Boolean searching, Broken Out by Student Employment 47

Table 6.15: Students' understanding of the concept of Boolean searching, Broken Out by Type of College 48

Table 6.16: Students' understanding of the concept of Boolean searching, Broken Out by Size of Enrollment of College 48

Table 6.17: Students' understanding of the concept of Boolean searching, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended 48

Table 7.1: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library 49

Table 7.2: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Age of the Student 49

Table 7.3: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Population Intensity of the Place of Origin 49

Table 7.4: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Geographic Region of Origin of the Student 50

Table 7.5: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Freshmen, Sophomores, Juniors & Seniors 50

Table 7.6: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Income Level of the Student's Family of Origin 50

Table 7.7: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Level of Religiosity of the Student 51

Table 7.8: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by the Political Views of the Student 51

Table 7.9: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Grade Point Average or Equivalent 51

Table 7.10: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Academic Major or Focus 52

Table 7.11: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Gender of the Student 52

Table 7.12: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Public and Private College Students 52

Table 7.13: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Type of College Living Arrangement 53

Table 7.14: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Student Employment 53

Table 7.15: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Type of College 53

Table 7.16: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Size of Enrollment of College 53

Table 7.17: Percentage of students who have ever used an online tutorial offered by their college library to learn about how to use some feature or service offered by the college library, Broken Out by Publicly Claimed Mean SAT Acceptance Score of the College Attended 54
