If your college recently formed a committee to guide the new stadium building/ renovation process, how did you form this committee? Who sat on it? How were they chosen and to whom are they responsible? Which departments or agencies of the college sat on the committee? What was the role of faculty senates? Of the college board of directors? Of the athletic department? Of facilities management? In a few paragraphs try to summarize how this process generally works at your college. Pinpoint the key players and their contributions. 107

Which blogs, listservs, newsletters, magazines, research reports, conferences, websites and other information resources do you find most useful in keeping abreast of developments in stadium management and renovation affairs? 109

CHAPTER 5: ROLE MODELS	115
If you have redesigned your campus within the past 10 years, or if you intend do so in the future, which institutions do you view as potential guides or inspirations for your own institution? What do you like about what these institutions have done?	115
What is your favorite small stadium in North America?.....	115
What is your favorite large stadium in North America?	116
Have you ever solicited opinions from the stadium's patrons about redesign goals? If so, who did you do this with and what did you learn? If you administered a survey, how did you do it? Specify how what you learned altered or might alter stadium policy or plans.	117
CHAPTER 6: ENERGY CONSUMPTION	118
What measures has the college taken or will it take to reduce energy consumption at the stadium? What have been or what do you expect will be the results of these efforts? ...	118
