Table 9.2.4: Does the library provide bike racks or other space for bikes? Bikes Broken out by Total Annual Budget	95
Table 9.2.5: Does the library provide bike racks or other space for bikes? Broken out by Total User Population	95
What impact does providing proper parking and bike space to enable patron access have on the library? Is it a factor in library use and attendance? Have you made any moves to improve your parking or bike policies in recent years?	96
CHAPTER 6: TECHNOLOGY EDUCATION CENTER.....	99
Table 10.1: How much has the library spent over the past three years to develop new library instructional centers, or re-equip or upgrade existing ones with new computers, workstations or other technology?	99
Table 10.2: How much has the library spent over the past three years to develop new library instructional centers, or re-equip or upgrade existing ones with new computers, workstations or other technology? Broken out by Country	99

Table 10.5: How much has the library spent over the past three years to develop new library instructional centers, or re-equip or upgrade existing ones with new computers, workstations or other technology? Broken out by Total User Population	100
What changes has the library recently made or does it plan to make in its technology centers? Have you added or do you plan to add new workstations? Have you changed the way the spaces are arranged? Added centers? Explain your thinking.	100
How has the growing use of laptops, netbooks, tablet computers and other micro computing devices affected your thinking about how to use the library's space? Is your library providing fewer fixed workstations? Is it catering more to tablet computer users?	103

CHAPTER 7: USE OF CONTRACTORS	106
How do you view current prices on offer from construction contractors that you have hired or are considering hiring for library renovation or expansion work?	106
In general, the malaise in the North American economy, particularly in construction due to the oversupply of housing, has freed up construction contractors for other kinds of work, such as renovating or building libraries. Has this been your experience? Have prices dropped and, if so, how has this affected your plans? Moved up construction? Been unable to take advantage due to budget shortfalls? Arguing with the administration? ..	107
In what areas have you either found it too expensive to hire a contractor or simply been unable to find one that meets your expectations?	108

What kind of carpeting or flooring did you last purchase for the library? Why did you purchase it? Were you happy with the outcome? Are there manufacturers or distributors that you would recommend to other libraries?	132
CHAPTER 10: MODEL REDESIGN	135
If you have redesigned or remodeled your library within the past five years, or if you currently have intentions to do so, which institutions do you view as potential guides or inspirations for your own institution? What do you like about what these institutions have done?.....	135
Have you ever solicited opinions from the library's patrons about library redesign goals? If so, with whom did you do this and what did you learn? Be specific. If you administered a survey, how did you do it? Specify how what you learned altered or might alter library policy or plans.	136
