THE QUESTIONNAIRE

1. Please give us the following contact information: Name, College, Work Title, Country, Email Address
2. Your college might best be described as: Community College, 4-Year College, MA/PHD Granting College, Research University?
3. The annual tuition for your college prior to any deductions or student aid is approximately?
4. Total full time equivalent attendance at your college for all schools and programs is approximately?
5. What religion and denomination sponsors or is represented by your college?
6. What percentage of the students at your college would you say practice or identify with the religious faith that sponsors or is represented by the college?
7. Does your college require faculty to sign some kind of agreement or make some form of pledge attesting to uphold or believe in particular religious beliefs?
8. Which phrase would you say best characterizes your college:

We seek the best students and faculty we can within our mandate to promote our religious faith
We try to balance our mandate to serve our religious base with our aspirations to be inclusive and to seek the best students and faculty possible
We seek the best students and instructors regardless of their religious faith
9. What percentage of the overall funding of your college would you say is derived directly from contributions from religious bodies?
10. Estimate the percentage of funds raised by your college from alumni and other donors that you think derive from individuals who practice the faith supported or represented by the college?
11. How has your college's religious status been helpful, or not, in fundraising?
12. What has been the fundraising environment for your college over the past three years? Has it become easier or harder to raise funds? Is fundraising becoming a more or less important aspect of financial support for your college?
13. Approximately what percentage of the students at your college's incoming freshman class come from high schools affiliated with a religion?
14. What has been the trend in the percentage of incoming freshmen students coming

The Survey of Colleges Affiliated with a Religion

from high schools affiliated with a religion in each of the following years? 2011-12, 2012-13, 2013-14

15. What percentage of students would you say come from countries other than the United States?

16. What percentage of incoming students have come from countries other than your own in each of the following academic years: 2011-12, 2012-13, 2013-14?

17. Which countries account for the highest percentages of your overseas students?

18. Has your college invested in any form of overseas campus?

19. Does your college offer a distance learning program?

20. If so what has been the enrollment trend in this program? Has it increased faster than traditional enrollment? At about the same pace? What is the outlook for the future?

21. About what percentage of the college marketing budget is accounted for by marketing directed at students of the faith that sponsors or is represented by the college?

22. How many course credit hours in religious instruction are required by your college for graduation?

23. If the college has a religious instruction requirement, describe it. What are provisions for students who may not be of the same faith as the one that sponsors or inspires the college?

24. Over the past 20 years (or in the history of the institution if it is less than 20 years old) would you say that the emphasis on religious training in your college has: Declined significantly, Declined somewhat, Stayed about the same, Increased, Increased significantly?

25. Many religious colleges feel that they have to perform a careful balancing act, to both serve their religious bodies, but also to serve the broader society, to promote a religious and ethical world view and yet attract students from other faiths (or no faith at all) who may not share that vision. How does your college perform this balancing act, if indeed it does?

26. Is attendance at religious services required of students or faculty at your institution?

27. What percentage of the full time faculty at your institution would you say practice or identify with the religious faith that sponsors or is represented by the college?

28. Would you say that students at your institution who practice the religious faith that sponsors or is represented by the college face:

The Survey of Colleges Affiliated with a Religion

Little or no prejudice or discrimination in the broader world due to their faith, A modest degree of prejudice or discrimination in the broader world due to their faith, Some prejudice or discrimination in the broader world due to their faith, A significant amount of prejudice or discrimination in the broader world due to their faith, A troubling amount of prejudice in the broader world due to their faith

29. As a best guess, relative to the overall population of American college students, would you estimate that your students are: Much more religious, More religious, About the same as the general population, Less religious

30. Describe the social services requirements of students at your college.

31. To the best of your knowledge has your college met the Federal definition of an organization controlled by a religious organization?

32. Has your organization had serious differences of opinion or legal issues with the Federal Government over any of the following laws or legal issues?

Title VII Provisions on Employment Discrimination

The Patient Protection and Affordable Care Act

Conditions Attached to the Acceptance of Federal Grants

Conditions Attached to the Provision of Student Aid

33. Religious colleges can receive exemptions from various provisions of gender discrimination law by demonstrating that their beliefs include an element of gender role differentiation and so that certain practices stemming from these religious beliefs should be exempted from some gender discrimination laws. Has your college ever applied for such exemptions?

34. What has been the average sticker price for your annual tuition over the past three years for full time enrollment?

35. The financial crisis of 2007-2013 had led to lower rates of economic growth and (in the USA) to high levels of student debt. This has made life more difficult for private colleges of all kinds. How has your college coped with the crisis? Do you foresee lower tuition costs in the future? Has the crisis made it more difficult for you to carry out your mission?

36. How would you characterize the situation for religious higher education in your country today? In your answer, specify your country and discuss the factors supporting or impeding your institution.
