

LIST OF SURVEY PARTICIPANTS .....41

SUMMARY OF MAIN FINDINGS.....42

Chapter 1. Retention and Remediation .....52

Table 1 Compared to all students your institution enrolls how much more (or less) likely are students with the following challenges to persist to the second year: .....52

    Table 1.1.1 Likelihood of Immigrant students to persist to the second year .....52

    Table 1.1.2 Likelihood of Immigrant students to persist to the second year Broken out by Type of college.....52

    Table 1.1.3 Likelihood of Immigrant students to persist to the second year Broken out by Full Tuition Price.....52

    Table 1.1.4 Likelihood of Immigrant students to persist to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....53

    Table 1.1.5 Likelihood of Immigrant students to persist to the second year Broken out by Carnegie Class.....53

    Table 1.1.6 Likelihood of Immigrant students to persist to the second year Broken out by Student Acceptance Rate .....53

    Table 1.1.7 Likelihood of Immigrant students to persist to the second year Broken out by Percentage of Students who Receive Pell Grants .....54

    Table 1.2.1 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year .....54

    Table 1.2.2 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year Broken out by Type of college.....54

    Table 1.2.3 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year Broken out by Full Tuition Price.....55

    Table 1.2.4 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....55

    Table 1.2.5 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year Broken out by Carnegie Class .....55

    Table 1.2.6 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year Broken out by Student Acceptance Rate .....56

    Table 1.2.7 Likelihood of Students testing into high-school level math (i.e. lower than college algebra but higher than first-year algebra) to persist to the second year Broken out by Percentage of Students who Receive Pell Grants.....56

    Table 1.3.1 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year .....56

    Table 1.3.2 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year Broken out by Type of college.....56

Table 1.3.3 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year Broken out by Full Tuition Price.....57

Table 1.3.4 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....57

Table 1.3.5 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year Broken out by Carnegie Class.....57

Table 1.3.6 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year Broken out by Student Acceptance Rate .....58

Table 1.3.7 Likelihood of Students testing into a math course lower than high school level (i.e. first-year algebra or lower) to persist to the second year Broken out by Percentage of Students who Receive Pell Grants .....58

Table 1.4.1 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year .....58

Table 1.4.2 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year Broken out by Type of college.....58

Table 1.4.3 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year Broken out by Full Tuition Price.....59

Table 1.4.4 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....59

Table 1.4.5 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year Broken out by Carnegie Class .....60

Table 1.4.6 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year Broken out by Student Acceptance Rate .....60

Table 1.4.7 Likelihood of Students not prepared for college-level writing (i.e. placement tests suggest need for remedial writing instruction) to persist to the second year Broken out by Percentage of Students who Receive Pell Grants.....60

Table 1.5.1 Likelihood of Students with limited financial resources to persist to the second year .....61

Table 1.5.2 Likelihood of Students with limited financial resources to persist to the second year Broken out by Type of college.....61

Table 1.5.3 Likelihood of Students with limited financial resources to persist to the second year Broken out by Full Tuition Price.....61

Table 1.5.4 Likelihood of Students with limited financial resources to persist to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....62

Table 1.5.5 Likelihood of Students with limited financial resources to persist to the second year Broken out by Carnegie Class.....62

Table 1.5.6 Likelihood of Students with limited financial resources to persist to the second year Broken out by Student Acceptance Rate.....62

Table 1.5.7 Likelihood of Students with limited financial resources to persist to the second year Broken out by Percentage of Students who Receive Pell Grants .....63

Table 1.6.1 Likelihood of Veteran students to persist to the second year .....63

Table 1.6.2 Likelihood of Veteran students to persist to the second year Broken out by Type of college.....63

Table 1.6.3 Likelihood of Veteran students to persist to the second year Broken out by Full Tuition Price.....63

Table 1.6.4 Likelihood of Veteran students to persist to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....64

Table 1.6.5 Likelihood of Veteran students to persist to the second year Broken out by Carnegie Class.....64

Table 1.6.6 Likelihood of Veteran students to persist to the second year Broken out by Student Acceptance Rate.....64

Table 1.6.7 Likelihood of Veteran students to persist to the second year Broken out by Percentage of Students who Receive Pell Grants .....65

Chapter 2. Retention Programs for Immigrant Students.....66

Table 2 How effective have the following practices been at retaining students who speak English as a second language to their second year? .....66

Table 2.1.1 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year .....66

Table 2.1.2 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year Broken out by Type of college .....66

Table 2.1.3 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year Broken out by Full Tuition Price.....66

Table 2.1.4 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....67

Table 2.1.5 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year Broken out by Carnegie Class.....67

Table 2.1.6 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year Broken out by Student Acceptance Rate.....67

Table 2.1.7 Effectiveness of Tutoring specifically for students from other countries in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants.....68

Table 2.2.1 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year.....68

Table 2.2.2 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year Broken out by Type of college .....68

Table 2.2.3 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year Broken out by Full Tuition Price .....69

Table 2.2.4 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....69

Table 2.2.5 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year Broken out by Carnegie Class .....70

Table 2.2.6 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year Broken out by Student Acceptance Rate .70

Table 2.2.7 Effectiveness of Mandatory ESL instruction based on standardized test scores in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants.....70

Table 2.3.1 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year .....71

Table 2.3.2 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Type of college.....71

Table 2.3.3 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Full Tuition Price.....71

Table 2.3.4 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....72

Table 2.3.5 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Carnegie Class .....72

Table 2.3.6 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Student Acceptance Rate .....72

Table 2.3.7 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants .....73

Table 2.4.1 Effectiveness of Learning center/ success center for ESL students in retaining ESL students to their second year .....73

Table 2.4.2 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Type of college.....73

Table 2.4.3 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Full Tuition Price.....73

Table 2.4.4 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....74

Table 2.4.5 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Carnegie Class .....74

Table 2.4.6 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Student Acceptance Rate .....74

Table 2.4.7 Effectiveness of Intensive advising for ESL students in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants .....75

Table 2.5.1 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year.....75

Table 2.5.2 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year Broken out by Type of college .....75

Table 2.5.3 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year Broken out by Full Tuition Price .....75

Table 2.5.4 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....76

Table 2.5.5 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year Broken out by Carnegie Class .....76

Table 2.5.6 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year Broken out by Student Acceptance Rate .....76

Table 2.5.7 Effectiveness of Assistance with personal/life difficulties in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants .....77

Table 2.6.1 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year .....77

Table 2.6.2 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year Broken out by Type of college .....77

Table 2.6.3 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year Broken out by Full Tuition Price.....77

Table 2.6.4 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....78

Table 2.6.5 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year Broken out by Carnegie Class.....78

Table 2.6.6 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year Broken out by Student Acceptance Rate.....78

Table 2.6.7 Effectiveness of Scholarships for students from outside the United States in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants.....79

Table 2.7.1 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year .....79

Table 2.7.2 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year Broken out by Type of college .....79

Table 2.7.3 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year Broken out by Full Tuition Price ...79

Table 2.7.4 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....80

Table 2.7.5 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year Broken out by Carnegie Class .....80

Table 2.7.6 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year Broken out by Student Acceptance Rate .....80

Table 2.7.7 Effectiveness of Residential programs for students from outside the United States in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants .....81

Table 2.8.1 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year .....81

Table 2.8.2 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year Broken out by Type of college .....81

Table 2.8.3 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year Broken out by Full Tuition Price .....	81
Table 2.8.4 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution	82
Table 2.8.5 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year Broken out by Carnegie Class .....	82
Table 2.8.6 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year Broken out by Student Acceptance Rate .....	82
Table 2.8.7 Effectiveness of Programs designed to foster social integration of foreign students into the campus community in retaining ESL students to their second year Broken out by Percentage of Students who Receive Pell Grants.....	83
Table 3.1 Which of the following programs currently receives the greatest amount of staff time?.....	83
Table 3.2 Which of the following programs currently receives the greatest amount of staff time? Broken out by Type of college .....	84
Table 3.3 Which of the following programs currently receives the greatest amount of staff time? Broken out by Full Tuition Price .....	84
Table 3.4 Which of the following programs currently receives the greatest amount of staff time? Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....	85
Table 3.5 Which of the following programs currently receives the greatest amount of staff time? Broken out by Carnegie Class.....	85
Table 3.6 Which of the following programs currently receives the greatest amount of staff time? Broken out by Student Acceptance Rate.....	86
Table 3.7 Which of the following programs currently receives the greatest amount of staff time? Broken out by Percentage of Students who Receive Pell Grants .....	86
Table 4.1 Which of the following programs currently has the most budgeted FTE positions devoted to it?.....	87
Table 4.2 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Type of college.....	87
Table 4.3 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Full Tuition Price .....	87
Table 4.4 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....	88
Table 4.5 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Carnegie Class .....	88
Table 4.6 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Student Acceptance Rate .....	89
Table 4.7 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Percentage of Students who Receive Pell Grants.....	89
Table 5.1 Which of the following programs currently has the largest budget?.....	90

Table 5.2 Which of the following programs currently has the largest budget? Broken out by Type of college.....90

Table 5.3 Which of the following programs currently has the largest budget? Broken out by Full Tuition Price.....91

Table 5.4 Which of the following programs currently has the largest budget? Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....91

Table 5.5 Which of the following programs currently has the largest budget? Broken out by Carnegie Class.....92

Table 5.6 Which of the following programs currently has the largest budget? Broken out by Student Acceptance Rate.....92

Table 5.7 Which of the following programs currently has the largest budget? Broken out by Percentage of Students who Receive Pell Grants .....93

Chapter 3. Retention Programs for Academically Underprepared Students.....94

Table 6 How effective have the following practices been at retaining students who need additional academic support to the second year?.....94

Table 6.1.1 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year.....94

Table 6.1.2 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year Broken out by Type of college .....94

Table 6.1.3 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year Broken out by Full Tuition Price.....94

Table 6.1.4 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....95

Table 6.1.5 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year Broken out by Carnegie Class .....95

Table 6.1.6 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year Broken out by Student Acceptance Rate .....95

Table 6.1.7 Effectiveness of Pre-college online math instruction in retaining students who need additional academic support to the second year Broken out by Percentage of Students who Receive Pell Grants .....96

Table 6.2.1 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year.....96

Table 6.2.2 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year Broken out by Type of college .....96

Table 6.2.3 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year Broken out by Full Tuition Price.....97

Table 6.2.4 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution .....97

Table 6.2.5 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year Broken out by Carnegie Class .....97

Table 6.2.6 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year Broken out by Student Acceptance Rate .....98

Table 6.2.7 Effectiveness of Pre-college online writing instruction in retaining students who need additional academic support to the second year Broken out by Percentage of Students who Receive Pell Grants .....98

Table 6.3.1 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year .....98

Table 6.3.2 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year Broken out by Type of college .....98

Table 6.3.3 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year Broken out by Full Tuition Price.....99

Table 6.3.4 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....99

Table 6.3.5 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year Broken out by Carnegie Class.....99

Table 6.3.6 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year Broken out by Student Acceptance Rate.....100

Table 6.3.7 Effectiveness of Pre-college summer instruction for math in retaining students who need additional academic support to the second year Broken out by Percentage of Students who Receive Pell Grants .....100

Table 6.4.1 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year .....100

Table 6.4.2 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year Broken out by Type of college .....100

Table 6.4.3 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year Broken out by Full Tuition Price.....101

Table 6.4.4 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....101

Table 6.4.5 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year Broken out by Carnegie Class.....101

Table 6.4.6 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year Broken out by Student Acceptance Rate.....102

Table 6.4.7 Effectiveness of Pre-college summer instruction for writing in retaining students who need additional academic support to the second year Broken out by Percentage of Students who Receive Pell Grants ..... 102

Table 6.5.1 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year ..... 102

Table 6.5.2 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year Broken out by Type of college ..... 102

Table 6.5.3 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year Broken out by Full Tuition Price ..... 103

Table 6.5.4 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution ..... 103

Table 6.5.5 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year Broken out by Carnegie Class ..... 103

Table 6.5.6 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year Broken out by Student Acceptance Rate ..... 104

Table 6.5.7 Effectiveness of Intensive tutoring during the academic year in retaining students who need additional academic support to the second year Broken out by Percentage of Students who Receive Pell Grants ..... 104

Table 6.6.1 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year ..... 104

Table 6.6.2 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year Broken out by Type of college ..... 104

Table 6.6.3 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year Broken out by Full Tuition Price ..... 105

Table 6.6.4 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution ..... 105

Table 6.6.5 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year Broken out by Carnegie Class ..... 105

Table 6.6.6 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year Broken out by Student Acceptance Rate ..... 106

Table 6.6.7 Effectiveness of Other programs for students in need of remediation in retaining students who need additional academic support to the second year Broken out by Percentage of Students who Receive Pell Grants ..... 106

Table 7.1 Which of the following programs currently receives the greatest amount of staff time? ..... 107

Table 7.2 Which of the following programs currently receives the greatest amount of staff time? Broken out by Type of college ..... 107

Table 7.3 Which of the following programs currently receives the greatest amount of staff time? Broken out by Full Tuition Price ..... 107

Table 7.4 Which of the following programs currently receives the greatest amount of staff time? Broken out by Full Time Equivalent Enrollment for all Programs within the Institution ..... 108

Table 7.5 Which of the following programs currently receives the greatest amount of staff time? Broken out by Carnegie Class..... 108

Table 7.6 Which of the following programs currently receives the greatest amount of staff time? Broken out by Student acceptance rate ..... 109

Table 7.7 Which of the following programs currently receives the greatest amount of staff time? Broken out by Percentage of Students who Receive Pell Grants ..... 109

Table 8.1 Which of the following programs currently has the most budgeted FTE positions devoted to it?..... 110

Table 8.2 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Type of college ..... 110

Table 8.3 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Full Tuition Price ..... 111

Table 8.4 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Full Time Equivalent Enrollment for all Programs within the Institution ..... 111

Table 8.5 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Carnegie Class ..... 112

Table 8.6 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Student Acceptance Rate ..... 112

Table 8.7 Which of the following programs currently has the most budgeted FTE positions devoted to it? Broken out by Percentage of Students who Receive Pell Grants ..... 113

Table 9.1 Which of the following programs currently has the largest budget?..... 113

Table 9.2 Which of the following programs currently has the largest budget? Broken out by Type of college..... 113

Table 9.3 Which of the following programs currently has the largest budget? Broken out by Full Tuition Price..... 114

Table 9.4 Which of the following programs currently has the largest budget? Broken out by Full Time Equivalent Enrollment for all Programs within the Institution..... 114

Table 9.5 Which of the following programs currently has the largest budget? Broken out by Carnegie Class..... 115

Table 9.6 Which of the following programs currently has the largest budget? Broken out by Student acceptance rate ..... 115

Table 9.7 Which of the following programs currently has the largest budget? Broken out by Percentage of Students who Receive Pell Grants ..... 116

Chapter 4. Retention Programs for Students with Limited Financial Resources ..... 118

Table 11 How effective have the following practices been at retaining students with limited financial resources to the second year? ..... 118

Table 11.1.1 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year ..... 118

Table 11.1.2 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year Broken out by Type of college.....	118
Table 11.1.3 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year Broken out by Full Tuition Price.....	118
Table 11.1.4 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....	119
Table 11.1.5 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year Broken out by Carnegie Class.....	119
Table 11.1.6 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year Broken out by Student Acceptance Rate .....	120
Table 11.1.7 Effectiveness of Enhanced work study in retaining students with limited financial resources to the second year Broken out by Percentage of Students who Receive Pell Grants .....	120
Table 11.2.1 Effectiveness of Mentoring in retaining students with limited financial resources to the second year.....	120
Table 11.2.2 Effectiveness of Mentoring in retaining students with limited financial resources to the second year Broken out by Type of college .....	120
Table 11.2.3 Effectiveness of Mentoring in retaining students with limited financial resources to the second year Broken out by Full Tuition Price .....	121
Table 11.2.4 Effectiveness of Mentoring in retaining students with limited financial resources to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....	121
Table 11.2.5 Effectiveness of Mentoring in retaining students with limited financial resources to the second year Broken out by Carnegie Class .....	121
Table 11.2.6 Effectiveness of Mentoring in retaining students with limited financial resources to the second year Broken out by Student Acceptance Rate .....	122
Table 11.2.7 Effectiveness of Mentoring in retaining students with limited financial resources to the second year Broken out by Percentage of Students who Receive Pell Grants .....	122
Table 11.3.1 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year.....	122
Table 11.3.2 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year Broken out by Type of college.....	122
Table 11.3.3 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year Broken out by Full Tuition Price .....	123
Table 11.3.4 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution.....	123
Table 11.3.5 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year Broken out by Carnegie Class .....	123
Table 11.3.6 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year Broken out by Student Acceptance Rate .....	123
Table 11.3.7 Effectiveness of Loan forgiveness in retaining students with limited financial resources to the second year Broken out by Percentage of Students who Receive Pell Grants .....	124

Table 11.4.1 Effectiveness of Grants in retaining students with limited financial resources to the second year..... 124

Table 11.4.2 Effectiveness of Grants in retaining students with limited financial resources to the second year Broken out by Type of college ..... 124

Table 11.4.3 Effectiveness of Grants in retaining students with limited financial resources to the second year Broken out by Full Tuition Price ..... 124

Table 11.4.4 Effectiveness of Grants in retaining students with limited financial resources to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution ..... 125

Table 11.4.5 Effectiveness of Grants in retaining students with limited financial resources to the second year Broken out by Carnegie Class ..... 125

Table 11.4.6 Effectiveness of Grants in retaining students with limited financial resources to the second year Broken out by Student Acceptance Rate ..... 125

Table 11.4.7 Effectiveness of Grants in retaining students with limited financial resources to the second year Broken out by Percentage of Students who Receive Pell Grants..... 126

Table 11.5.1 Effectiveness of Renegotiating loan provisions in retaining students with limited financial resources to the second year ..... 126

Table 11.5.2 Effectiveness of Renegotiating loan provisions in retaining students with limited financial resources to the second year Broken out by Type of college ..... 126

Table 11.5.3 Effectiveness of Renegotiating loan provisions in retaining students with limited financial resources to the second year Broken out by Full Tuition Price ..... 126

Table 11.5.4 Effectiveness of Renegotiating loan provisions in retaining students with limited financial resources to the second year Broken out by Full Time Equivalent Enrollment for all Programs within the Institution ..... 127

Table 11.5.5 Effectiveness of Renegotiating loan provisions in retaining students with limited financial resources to the second year Broken out by Carnegie Class..... 127

Table 11.5.6 Effectiveness of Renegotiating loan provisions in retaining students with limited financial resources to the second year Broken out by Student Acceptance Rate ..... 127
