THE QUESTIONNAIRE.....	17
SURVEY PARTICIPANTS.....	24
SUMMARY OF MAIN FINDINGS.....	26
Sample Characteristics.....	26
Importance of Different Materials as Digitization Targets.....	26
Digitization Budgets.....	27
Outlook for Outside Funding of Digitization Projects.....	27
Outlook for Overall Spending on Digitization.....	28
Digitization Spending in Libraries Accounted for By Special Collections , Archives and Information Technology Departments.....	28
Manpower Expended on Digitization	28
Outlook for Staff Labor Deployment on Digitization Projects.....	29
Percentage of Physical Exhibits with Online Presence	29
Use of Crowdsourcing.....	29
Development of Apps to Foster Access to Digitized Collections	30
Trends in Outsourcing of Digitization	30
Spending on Digitization Outsourcing	30
Percentage of Total Digitization Work that is Outsourced	30
Spending on Digitization Equipment	30
Labor Time on Metadata Development and Cataloging as a Percentage of Total Labor Time Spent on Digitization	31
Spending on Metadata Development.....	31
Spending on Publicity for Digitization Projects	31
Licensing or Renting Digital Collections to Outside Parties	31
Licensing and Related Revenues	31
Impact of Digitization on Sales of Reproductions and Other Items Related to Collections.....	31
Number of Viewers of Online Collections.....	32
Table 1.1 Your organization is:	33
Table 1.2 Your organization is: Broken out by Country.....	33
Table 1.3 Your organization is: Broken out by Type of Organization	33
Table 1.4 Your organization is: Broken out by Total number of Employees.....	34

Table 1.5 Your organization is: Broken out by Specific Entity.....	34
Table 1.6 Your organization is: Broken out by Primary Material Digitized	34
Table 2.1 Your library or museum has how many total employees in all divisions?	35
Table 2.2 Your library or museum has how many total employees in all divisions? Broken out by Country.....	35
Table 2.3 Your library or museum has how many total employees in all divisions? Broken out by Type of Organization	35
Table 2.4 Your library or museum has how many total employees in all divisions? Broken out by Total number of Employees	36
Table 2.5 Your library or museum has how many total employees in all divisions? Broken out by Specific Entity.....	36
Table 2.6 Your library or museum has how many total employees in all divisions? Broken out by Primary Material Digitized	36
Table 3.1 Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for	37
Table 3.2 Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for Broken out by Country	38
Table 3.3 Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for Broken out by Type of Organization.....	39
Table 3.4 Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for Broken out by Total number of Employees.....	40
Table 3.5 Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for Broken out by Specific Entity	41
Table 3.6 Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for: Broken out by Primary Material Digitized.....	42
Briefly describe the project or set of projects for which you are giving data. If there are too many to describe fully then briefly describe the largest or most important.....	43
Table 4 Rank the following types of digitization efforts for the degree to which they form a part of your digitization efforts.....	47
Table 4.1.1 Rank Digitization of Photographs for the degree to which it forms a part of your digitization efforts.....	47
Table 4.1.2 Rank Digitization of Photographs for the degree to which it forms a part of your digitization efforts. Broken out by Country	47
Table 4.1.3 Rank Digitization of Photographs for the degree to which it forms a part of your digitization efforts. Broken out by Type of Organization.....	48
Table 4.1.4 Rank Digitization of Photographs for the degree to which it forms a part of your digitization efforts. Broken out by Total number of Employees.....	48
Table 4.1.5 Rank Digitization of Photographs for the degree to which it forms a part of your digitization efforts. Broken out by Specific Entity	49

Table 4.1.6 Rank Digitization of Photographs for the degree to which it forms a part of your digitization efforts. Broken out by Primary Material Digitized.....	49
Table 4.2.1 Rank Digitization of Microfilm or fiche for the degree to which it forms a part of your digitization efforts.....	50
Table 4.2.2 Rank Digitization of Microfilm or fiche for the degree to which it forms a part of your digitization efforts. Broken out by Country.....	50
Table 4.2.3 Rank Digitization of Microfilm or fiche for the degree to which it forms a part of your digitization efforts. Broken out by Type of Organization.....	51
Table 4.2.4 Rank Digitization of Microfilm or fiche for the degree to which it forms a part of your digitization efforts. Broken out by Total number of Employees	51
Table 4.2.5 Rank Digitization of Microfilm or fiche for the degree to which it forms a part of your digitization efforts. Broken out by Specific Entity.....	52
Table 4.2.6 Rank Digitization of Microfilm or fiche for the degree to which it forms a part of your digitization efforts. Broken out by Primary Material Digitized.....	52
Table 4.3.1 Rank Digitization of Text for the degree to which it forms a part of your digitization efforts.	53
Table 4.3.2 Rank Digitization of Text for the degree to which it forms a part of your digitization efforts. Broken out by Country	53
Table 4.3.3 Rank Digitization of Text for the degree to which it forms a part of your digitization efforts. Broken out by Type of Organization.....	54
Table 4.3.4 Rank Digitization of Text for the degree to which it forms a part of your digitization efforts. Broken out by Total number of Employees.....	54
Table 4.3.5 Rank Digitization of Text for the degree to which it forms a part of your digitization efforts. Broken out by Specific Entity	55
Table 4.3.6 Rank Digitization of Text for the degree to which it forms a part of your digitization efforts. Broken out by Primary Material Digitized.....	55
Table 4.4.1 Rank Digitization of Music or other Voice Recordings for the degree to which it forms a part of your digitization efforts.	56
Table 4.4.2 Rank Digitization of Music or other Voice Recordings for the degree to which it forms a part of your digitization efforts. Broken out by Country.....	56
Table 4.4.3 Rank Digitization of Music or other Voice Recordings for the degree to which it forms a part of your digitization efforts. Broken out by Type of Organization	57
Table 4.4.4 Rank Digitization of Music or other Voice Recordings for the degree to which it forms a part of your digitization efforts. Broken out by Total number of Employees....	57
Table 4.4.5 Rank Digitization of Music or other Voice Recordings for the degree to which it forms a part of your digitization efforts. Broken out by Specific Entity	58
Table 4.4.6 Rank Digitization of Music or other Voice Recordings for the degree to which it forms a part of your digitization efforts. Broken out by Primary Material Digitized	58
Table 4.5.1 Rank Digitization of Film or Video for the degree to which it forms a part of your digitization efforts.....	59
Table 4.5.2 Rank Digitization of Film or Video for the degree to which it forms a part of your digitization efforts. Broken out by Country	59
Table 4.5.3 Rank Digitization of Film or Video for the degree to which it forms a part of your digitization efforts. Broken out by Type of Organization.....	60
Table 4.5.4 Rank Digitization of Film or Video for the degree to which it forms a part of your digitization efforts. Broken out by Total number of Employees.....	60

Table 4.5.5 Rank Digitization of Film or Video for the degree to which it forms a part of your digitization efforts. Broken out by Specific Entity	61
Table 4.5.6 Rank Digitization of Film or Video for the degree to which it forms a part of your digitization efforts. Broken out by Primary Material Digitized.....	61
Table 4.6.1 Rank Preservation or Enhancement of Existing Digital Formats for the degree to which it forms a part of your digitization efforts.....	62
Table 4.6.2 Rank Preservation or Enhancement of Existing Digital Formats for the degree to which it forms a part of your digitization efforts. Broken out by Country	62
Table 4.6.3 Rank Preservation or Enhancement of Existing Digital Formats for the degree to which it forms a part of your digitization efforts. Broken out by Type of Organization	63
Table 4.6.4 Rank Preservation or Enhancement of Existing Digital Formats for the degree to which it forms a part of your digitization efforts. Broken out by Total number of Employees	63
Table 4.6.5 Rank Preservation or Enhancement of Existing Digital Formats for the degree to which it forms a part of your digitization efforts. Broken out by Specific Entity	64
Table 4.6.6 Rank Preservation or Enhancement of Existing Digital Formats for the degree to which it forms a part of your digitization efforts. Broken out by Primary Material Digitized	64
Table 5.1 What is your annual budget (\$) for the digitization project or projects for which you will be giving data?.....	65
Table 5.2 What is your annual budget (\$) for the digitization project or projects for which you will be giving data? Broken out by Country	65
Table 5.3 What is your annual budget (\$) for the digitization project or projects for which you will be giving data? Broken out by Type of Organization	65
Table 5.4 What is your annual budget (\$) for the digitization project or projects for which you will be giving data? Broken out by Total number of Employees	66
Table 5.5 What is your annual budget (\$) for the digitization project or projects for which you will be giving data? Broken out by Specific Entity.....	66
Table 5.6 What is your annual budget for the digitization project or projects for which you will be giving data? Broken out by Primary Material Digitized.....	67
Table 6.1 How would you describe the outlook for raising money for digitization projects from sources outside of the main library museum or other main institutional budget?.....	68
Table 6.2 How would you describe the outlook for raising money for digitization projects from sources outside of the main library museum or other main institutional budget? Broken out by Country.....	68
Table 6.3 How would you describe the outlook for raising money for digitization projects from sources outside of the main library museum or other main institutional budget? Broken out by Type of Organization.....	68
Table 6.4 How would you describe the outlook for raising money for digitization projects from sources outside of the main library museum or other main institutional budget? Broken out by Total number of Employees	69
Table 6.5 How would you describe the outlook for raising money for digitization projects from sources outside of the main library museum or other main institutional budget? Broken out by Specific Entity.....	69

Table 6.6 How would you describe the outlook for raising money for digitization projects from sources outside of the main library, museum or other main institutional budget? Broken out by Primary Material Digitized.....	70
Table 7.1 Which phrase best describes the probable course over the next two years of your institutional spending for digitization?.....	71
Table 7.2 Which phrase best describes the probable course over the next two years of your institutional spending for digitization? Broken out by Country.....	71
Table 7.3 Which phrase best describes the probable course over the next two years of your institutional spending for digitization? Broken out by Type of Organization.....	72
Table 7.4 Which phrase best describes the probable course over the next two years of your institutional spending for digitization? Broken out by Total number of Employees.....	72
Table 7.5 Which phrase best describes the probable course over the next two years of your institutional spending for digitization? Broken out by Specific Entity	73
Table 7.6 Which phrase best describes the probable course over the next two years of your institutional spending for digitization? Broken out by Primary Material Digitized.....	73
Table 8 For libraries what percentage of the spending on digitization at your institution would you estimate comes from any of the following library departments?.....	74
Table 8.1.1 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Special Collections department?.....	74
Table 8.1.2 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Special Collections department? Broken out by Country.....	74
Table 8.1.3 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Special Collections department? Broken out by Type of Organization	74
Table 8.1.4 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Special Collections department? Broken out by Total number of Employees	75
Table 8.1.5 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Special Collections department? Broken out by Specific Entity.....	75
Table 8.1.6 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Special Collections department? Broken out by Primary Material Digitized	75
Table 8.2.1 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Archives department?.....	76
Table 8.2.2 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Archives department? Broken out by Country	76
Table 8.2.3 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Archives department? Broken out by Type of Organization.....	76
Table 8.2.4 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Archives department? Broken out by Total number of Employees.....	76

Table 8.2.5 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Archives department? Broken out by Specific Entity	77
Table 8.2.6 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Archives department? Broken out by Primary Material Digitized.....	77
Table 8.3.1 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Information Technology department?...	78
Table 8.3.2 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Information Technology department? Broken out by Country.....	78
Table 8.3.3 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Information Technology department? Broken out by Type of Organization.....	78
Table 8.3.4 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Information Technology department? Broken out by Total number of Employees	78
Table 8.3.5 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from the Information Technology department? Broken out by Specific Entity.....	79
Table 8.3.6 For libraries, what percentage of the spending on digitization at your institution would you estimate comes from Information Technology department? Broken out by Primary Material Digitized.....	79
Table 9.1 Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers.....	80
Table 9.2 Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers. Broken out by Country	80
Table 9.3 Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers. Broken out by Type of Organization.....	80
Table 9.4 Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers. Broken out by Total number of Employees	81
Table 9.5 Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers. Broken out by Specific Entity.....	81
Table 9.6 Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers. Broken out by Primary Material Digitized.....	82
Table 10.1 Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee working a normal work day generally puts in about 1,800 hours per year).....	83
Table 10.2 Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee	

working a normal work day generally puts in about 1,800 hours per year) Broken out by Country	83
Table 10.3 Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee working a normal work day generally puts in about 1,800 hours per year) Broken out by Type of Organization.....	83
Table 10.4 Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee working a normal work day generally puts in about 1,800 hours per year) Broken out by Total number of Employees.....	84
Table 10.5 Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee working a normal work day generally puts in about 1,800 hours per year) Broken out by Specific Entity	84
Table 10.6 Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee working a normal work day generally puts in about 1,800 hours per year) Broken out by Primary Material Digitized.....	85
Table 11.1 Over the next two years do you expect that:.....	86
Table 11.2 Over the next two years do you expect that: Broken out by Country	86
Table 11.3 Over the next two years do you expect that: Broken out by Type of Organization	87
Table 11.4 Over the next two years do you expect that: Broken out by Total number of Employees	87
Table 11.5 Over the next two years do you expect that: Broken out by Specific Entity.....	88
Table 11.6 Over the next two years do you expect that: Broken out by Primary Material Digitized	88
Table 12.1 Approximately how many unique physical exhibits does your Division stage each year?	89
Table 12.2 Approximately how many unique physical exhibits does your Division stage each year? Broken out by Country	89
Table 12.3 Approximately how many unique physical exhibits does your Division stage each year? Broken out by Type of Organization.....	89
Table 12.4 Approximately how many unique physical exhibits does your Division stage each year? Broken out by Total number of Employees.....	90
Table 12.5 Approximately how many unique physical exhibits does your Division stage each year? Broken out by Specific Entity	90
Table 12.6 Approximately how many unique physical exhibits does your Division stage each year? Broken out by Primary Material Digitized.....	90
Table 13.1 Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent)	91
Table 13.2 Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of	

the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent) Broken out by Country.....	91
Table 13.3 Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent) Broken out by Type of Organization	92
Table 13.4 Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent) Broken out by Total number of Employees	92
Table 13.5 Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent) Broken out by Specific Entity	93
Table 13.6 Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent) Broken out by Primary Material Digitized	93
Table 14.1 Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections?	94
Table 14.2 Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections? Broken out by Country.....	94
Table 14.3 Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections? Broken out by Type of Organization	94
Table 14.4 Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections? Broken out by Total number of Employees.....	95
Table 14.5 Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections? Broken out by Specific Entity.....	95
Table 14.6 Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections? Broken out by Primary Material Digitized	96
If you have done some form of crowdsourcing what did you do?	97
Table 15.1 Has your institution developed any apps to increase the accessibility of its digitized collections?.....	98
Table 15.2 Has your institution developed any apps to increase the accessibility of its digitized collections? Broken out by Country	98
Table 15.3 Has your institution developed any apps to increase the accessibility of its digitized collections? Broken out by Type of Organization.....	98
Table 15.4 Has your institution developed any apps to increase the accessibility of its digitized collections? Broken out by Total number of Employees.....	99
Table 15.5 Has your institution developed any apps to increase the accessibility of its digitized collections? Broken out by Specific Entity	99

Table 15.6 Has your institution developed any apps to increase the accessibility of its digitized collections? Broken out by Primary Material Digitized.....	99
If you have developed apps to increase the accessibility or otherwise enhance your end users experience with your collections please describe the apps and how you developed them.	100
What is the backlog of artwork, books, or other elements that you plan to digitize over the next three years? To ask this question another way, just how many objects or works of art do you plan to digitize cumulatively over the next three years?	101
Some museums have millions of artifacts, objects and works of art in their inventory; some libraries have millions of books, magazines, journals and other forms of intellectual property. What process does your institution go through in order to prioritize the collection elements it wants to digitize?.....	103
Advise your peers, if you can, of what you have learned about efficient permissions and copyright clearance in collection digitization.....	106
Table 16.1 Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company?	109
Table 16.2 Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company? Broken out by Country	109
Table 16.3 Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company? Broken out by Type of Organization.....	109
Table 16.4 Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company? Broken out by Total number of Employees.....	110
Table 16.5 Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company? Broken out by Specific Entity.....	110
Table 16.6 Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company? Broken out by Primary Material Digitized	110
Table 17.1 If you have outsourced digitization within the past three years of any cultural object -- photographs, music, film, artwork, text, historic documents, textiles, architectural or engineering blueprints or documents, or other works of cultural significance -- how much in the aggregate have you spent over the past three years? (\$ US).....	111
Table 17.2 If you have outsourced digitization within the past three years of any cultural object -- photographs, music, film, artwork, text, historic documents, textiles, architectural or engineering blueprints or documents, or other works of cultural significance -- how much in the aggregate have you spent over the past three years? Broken out by Country.....	111
Table 17.3 If you have outsourced digitization within the past three years of any cultural object -- photographs, music, film, artwork, text, historic documents, textiles, architectural or engineering blueprints or documents, or other works of cultural significance -- how much in the aggregate have you spent over the past three years? Broken out by Type of Organization.....	112
Table 17.4 If you have outsourced digitization within the past three years of any cultural object -- photographs, music, film, artwork, text, historic documents, textiles, architectural	

or engineering blueprints or documents, or other works of cultural significance -- how much in the aggregate have you spent over the past three years? Broken out by Total number of Employees.....	112
Table 17.5 If you have outsourced digitization within the past three years of any cultural object -- photographs, music, film, artwork, text, historic documents, textiles, architectural or engineering blueprints or documents, or other works of cultural significance -- how much in the aggregate have you spent over the past three years? Broken out by Specific Entity.....	113
Table 17.6 If you have outsourced digitization within the past three years of any cultural object -- photographs, music, film, artwork, text, historic documents, textiles, architectural or engineering blueprints or documents, or other works of cultural significance -- how much in the aggregate have you spent over the past three years? Broken out by Primary Material Digitized	113
Table 18.1 Over the past three years what percentage of your digitization work would you say that you outsourced to third parties?	114
Table 18.2 Over the past three years what percentage of your digitization work would you say that you outsourced to third parties? Broken out by Country	114
Table 18.3 Over the past three years what percentage of your digitization work would you say that you outsourced to third parties? Broken out by Type of Organization.....	114
Table 18.4 Over the past three years what percentage of your digitization work would you say that you outsourced to third parties? Broken out by Total number of Employees.....	115
Table 18.5 Over the past three years what percentage of your digitization work would you say that you outsourced to third parties? Broken out by Specific Entity	115
Table 18.6 Over the past three years what percentage of your digitization work would you say that you outsourced to third parties? Broken out by Primary Material Digitized	115
What companies or other organizations have you found to be effective outsourcing partners for any kind of digitization work and that you would recommend to others?.....	116
Table 19.1 How much has the special collections or other divisions for which you are providing data spent (\$US) in the past three years on equipment to copy, duplicate, record, photograph, scan or otherwise transform content of any kind into digital formats?	118
Table 19.2 How much has the special collections or other divisions for which you are providing data spent (\$) in the past three years on equipment to copy, duplicate, record, photograph, scan or otherwise transform content of any kind into digital formats? Broken out by Country.....	118
Table 19.3 How much has the special collections or other divisions for which you are providing data spent (\$) in the past three years on equipment to copy, duplicate, record, photograph, scan or otherwise transform content of any kind into digital formats? Broken out by Type of Organization	118
Table 19.4 How much has the special collections or other divisions for which you are providing data spent (\$) in the past three years on equipment to copy, duplicate, record, photograph, scan or otherwise transform content of any kind into digital formats? Broken out by Total number of Employees.....	119
Table 19.5 How much has the special collections or other divisions for which you are providing data spent (\$) in the past three years on equipment to copy, duplicate, record, photograph, scan or otherwise transform content of any kind into digital formats? Broken out by Specific Entity.....	119

Table 19.6 How much has the special collections or other divisions for which you are providing data spent in the past three years on equipment to copy, duplicate, record, photograph, scan or otherwise transform content of any kind into digital formats? Broken out by Primary Material Digitized	120
If you use scanning equipment, comment briefly on the following: what do you have? What do you plan to purchase? Why have you made the decisions you have?.....	121
If you use digital photographic equipment, comment briefly on the following: what do you have? What do you plan to purchase? Why have you made the decisions you have?.....	124
How is your organization using smartphones, tablet computers and other mobile devices in its digitization work?	126
Table 20.1 About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues?.....	128
Table 20.2 About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues? Broken out by Country	128
Table 20.3 About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues? Broken out by Type of Organization.....	128
Table 20.4 About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues? Broken out by Total Employees	129
Table 20.5 About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues? Broken out by Specific Entity.....	129
Table 20.6 About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues? Broken out by Primary Material Digitized	129
Table 21.1 What has been your spending (\$US) over the past three years on outside metadata services for your digitization projects? If these expenses have not been broken out separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for my metadata creation.....	130
Table 21.2 What has been your spending (\$) over the past three years on outside metadata services for your digitization projects? If these expenses have not been broken out separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for my metadata creation. Broken out by Country	130
Table 21.3 What has been your spending (\$) over the past three years on outside metadata services for your digitization projects? If these expenses have not been broken out separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for my metadata creation. Broken out by Type of Organization.....	131
Table 21.4 What has been your spending (\$) over the past three years on outside metadata services for your digitization projects? If these expenses have not been broken out separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for my metadata creation. Broken out by Total number of Employees	131
Table 21.5 What has been your spending (\$) over the past three years on outside metadata services for your digitization projects? If these expenses have not been broken out	

separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for my metadata creation. Broken out by Specific Entity.....	132
Table 21.6 What has been your spending over the past three years on outside metadata services for your digitization projects? If these expenses have not been broken out separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for my metadata creation. Broken out by Primary Material Digitized	132
How satisfied are you with the metadata creation for your digitization projects? Have you been able to implement the metadata successfully? What are your plans for the future? .	133
Table 22.1 Over the past three years how much did the division (s) spend (\$US) on marketing and publicizing the digitization of special collections? (include spending on press releases, ads, internet marketing, and other forms of promotion).....	136
Table 22.2 Over the past three years how much did the division (s) spend (\$) on marketing and publicizing the digitization of special collections? (include spending on press releases, ads, internet marketing, and other forms of promotion). Broken out by Country	136

Broken out by Total number of Employees	155
Table 26.5 How many online visitors to any extent (not unique viewers but overall viewers including multiple views by the same individual at different times as multiple views) have your digitized collections received through all online venues in the past year? Broken out by Specific Entity.....	155
Table 26.6 How many online visitors to any extent (not unique viewers but overall viewers including multiple views by the same individual at different times as multiple views) have your digitized collections received through all online venues in the past year? Broken out by Primary Material Digitized	156
In addition to your organization's website are there other online sites through which your special collections have garnered additional views? If so what are they?	157
What measures have you or your organization taken to optimize accessibility to your digitized special collections from smartphones, tablet computers and other mobile computing devices?.....	159
If there is something that you have learned along the way that has made your digitization projects better, more efficient, less costly, please pass it along here. It can relate to equipment, techniques, management, deployment of labor, marketing, cataloging, supervision, outsourcing or any aspect of digitization projects not previously mentioned.	161

THE QUESTIONNAIRE

Introduction

1. Please give us the following contact information:
 - A. Personal Name & Title:
 - B. Organization:
 - C. Country:
 - D. Email Address:
 - E. Phone Number
2. Your organization is:
 - A. College or University Library
 - B. Museum
 - C. Public Library
 - D. Special Library
 - E. Other (please specify)
3. Your library or museum has how many total employees in all divisions?
4. Please be very specific about the entity for which you will give data. Once you make your choice you should give consistent data about this entity throughout the survey. You are giving information for?
 - A. Aggregated data for most or all digitization efforts of the special collections of your library or museum
 - B. Data for various digitization projects of one special collection division of your library or museum (i.e., Rare Books Division, or Special Collections Division, or Medieval Art Division.)
 - C. Data for a specific project (i.e., the McGill Napoleon Collection)
5. Briefly describe the project or set of projects for which you are giving data. If there are too many to describe fully, then briefly describe the largest or most important?
6. Rank the following types of digitization efforts for the degree to which they form a part of your digitization efforts?
 - A. Digitization of Photographs
 - i. Have Had no Experience with This
 - ii. Have had some Modest Experience but Peripheral to our Efforts

- iii. This is an important factor or medium for us
- iv. This is the most critical factor or medium for us

B. Digitization of Microfilm or fiche

- i. Have Had no Experience with This
- ii. Have had some Modest Experience but Peripheral to our Efforts
- iii. This is an important factor or medium for us
- iv. This is the most critical factor or medium for us

C. Digitization of Text

- i. Have Had no Experience with This
- ii. Have had some Modest Experience but Peripheral to our Efforts
- iii. This is an important factor or medium for us
- iv. This is the most critical factor or medium for us

D. Digitization of Music or other Voice Recordings

- i. Have Had no Experience with This
- ii. Have had some Modest Experience but Peripheral to our Efforts
- iii. This is an important factor or medium for us
- iv. This is the most critical factor or medium for us

E. Digitization of Film or Video

- i. Have Had no Experience with This
- ii. Have had some Modest Experience but Peripheral to our Efforts
- iii. This is an important factor or medium for us
- iv. This is the most critical factor or medium for us

F. Preservation or Enhancement of Existing Digital Formats

- i. Have Had no Experience with This
- ii. Have had some Modest Experience but Peripheral to our Efforts
- iii. This is an important factor or medium for us
- iv. This is the most critical factor or medium for us

Budget

- 7. What is your annual budget for the digitization project or projects for which you will be giving data?

8. What percentage of the budget for digitization comes from the following sources:
- A. The library or museum budget
 - B. Supplement from the parent institution
 - C. Grants & Fundraising
 - D. Endowment
 - E. Other (specify)
9. How would you describe the outlook for raising money for digitization projects from sources outside of the main library, museum or other main institutional budget?
- A. Not favorable
 - B. Not too bad
 - C. Pretty Good
 - D. Excellent
10. Which phrase best describes the probable course over the next two years of your institutional spending for digitization?
- A. It will probably decrease substantially.
 - B. It will probably decrease somewhat.
 - C. It will probably remain the same.
 - D. It will probably increase somewhat.
 - E. It will probably increase substantially.
11. For libraries, what percentage of the spending on digitization at your institution would you estimate comes from any of the following library departments?
- A. Special Collections
 - B. Archives
 - C. Information Technology

Staffing

12. Approximately how many individuals are currently spending at least part of their workday on the digitization projects for which you are giving data? Include full and part-timers.
13. Approximately how many man hours annually would you say that your staff and associated workers on your projects devote to digitization efforts? (one full time employee working a normal work day generally puts in about 1,800 hours per year)

14. Over the next two years do you expect that:

- A. Staff labor spent on digitization will drop significantly.
- B. Staff labor spent on digitization will drop.
- C. Staff labor spent on digitization will stay about the same.
- D. Staff labor spent on digitization will increase.
- E. Staff labor spent on digitization will increase significantly.

Impact of Online Exhibits

15. Approximately how many unique physical exhibits does your Division stage each year?
16. Approximately what percentage of the physical exhibits staged are accompanied by a substantial online exhibit that you would say either reproduce a significant portion of the physical exhibit or add to the exhibit in a significant way? (this answer should be a percent)

Use of CrowdSourcing

17. Has your organization used any form of crowdsourcing to catalog, physically digitize, describe and label, or otherwise foster the digitization of your collections?
- A. Yes
 - B. No
 - C. No but we plan to use crowdsourcing soon
18. If you have done some form of crowdsourcing what did you do?

Use of Apps and Mobile Computing Technology

19. Has your institution developed any apps to increase the accessibility of its digitized collections?
- A. Yes
 - B. No
20. If you have developed apps to increase the accessibility or otherwise enhance your end users experience with your collections please describe the apps and how you developed them?

Selecting what to Digitize

21. What is the backlog of artwork, books, or other elements that you plan to digitize over the next three years? To ask this question another way, just how many objects or works of art do you plan to digitize cumulatively over the next three years?
22. Some museums have millions of artifacts, objects and works of art in their inventory; some libraries have millions of books, magazines, journals and other forms of intellectual property. What process does your institution go through in order to prioritize the collection elements it wants to digitize?

Copyright Issues

23. Advise your peers, if you can, of what you have learned about efficient permissions and copyright clearance in collection digitization?

Outsourcing

24. Has your organization outsourced digitization, in whole or in part, to a third party, another college or museum, private consultant or company?
 - A. Yes
 - B. No
25. If you have outsourced digitization within the past three years of any cultural object photographs, music, film, artwork, text, historic documents, textiles, architectural or engineering blueprints or documents, or other works of cultural significance how much in the aggregate have you spent over the past three years?
26. Over the past three years what percentage of your digitization work would you say that you outsourced to third parties?
27. What companies or other organizations have you found to be effective outsourcing partners for any kind of digitization work and that you would recommend to others?

Scanning, Photographing and Other Digitization Methods

28. How much have the special collections or other divisions for which you are providing data spent in the past three years on equipment to copy, duplicate, record, photograph, and scan or otherwise transform content of any kind into digital formats?

29. If you use scanning equipment, comment briefly on the following: what do you have? What do you plan to purchase? Why have you made the decisions you have?
30. If you use digital photographic equipment, comment briefly on the following: what do you have? What do you plan to purchase? Why have you made the decisions you have?
31. How is your organization using smartphones, tablet computers and other mobile devices in its digitization work?

Cataloging

32. About what percentage of the labor time required for your digitization projects would you say are accounted for by cataloging and metadata issues?
33. What has been your spending over the past three years on outside metadata services for your digitization projects?
If these expenses have not been broken out separately by a supplier give an estimate of the amount of total digitization outsourcing spending accounted for by metadata creation.
34. How satisfied are you with the metadata creation for your digitization projects? Have you been able to implement the metadata successfully? What are your plans for the future?

Marketing

35. Over the past three years how much did the division (s) spend on marketing and publicizing the digitization of special collections? (Include spending on press releases, ads, internet marketing, and other forms of promotion).
36. Does the Division (s) license or rent use of any aspect of its digital collection to any party?
 - A. Yes
 - B. No
37. If the Division licenses, rents or sells any aspects of its digital collections, approximately how much revenue did it accrue from these activities over the past three years? (a ballpark guess is sufficient if you don't have definite figures)
38. Has the digitization of any of your collections led to higher sales of reproductions and items related to your collection through gift shops, catalogs or other venues?

- A. Yes
- B. No
- C. Not really applicable to us since we don't sell such items.

39. Has your organization used YouTube, iTunes, Pinterest, Instagram, Flickr or other internet based archival and retrieving service for text, video, sound, photographs or other digital resources to market or otherwise make available your collection? If so how?
40. Has your organization been able to use Facebook or other social networking site to market your collection? If so how?
41. Does your organization use blogs to market your digitized assets? If so, which blogging service do you use? Do you develop specific blogs for specific digital collections? What is your blogging strategy?

Favored Resources

42. What are some of your favorite blogs, listservs, websites, publications, conferences and other resources that you use to keep abreast of developments in library special collections and museum digitization projects and strategies?

End User Metrics

43. How many online visitors to any extent (not unique viewers but overall viewers including multiple views by the same individual at different times as multiple views) have your digitized collections received through all online venues in the past year?
44. In addition to your organization's website are there other online sites through which your special collections have garnered additional views? If so what are they?
45. What measures have you or your organization taken to optimize accessibility to your digitized special collections from smartphones, tablet computers and other mobile computing devices?

End User Metrics

46. If there is something that you have learned along the way that has made your digitization projects better, more efficient, less costly, please pass it along here. It can relate to equipment, techniques, management, deployment of labor, marketing, cataloging, supervision, outsourcing or any aspect of digitization projects not previously mentioned.

SURVEY PARTICIPANTS

Ackland Art Museum, University of North Carolina at
Chapel Hill
Asbury Theological Seminary
